The Richford Planning Commission is working on a streetscape plan for the village center on Main, River and Province Street. Join the Planning Commission for a presentation of potential streetscape improvements based on community input received at the visioning session in August. Help refine the vision for improvements to the public areas of the street, such as sidewalks, parking, benches, lighting and more!

***Pizza and beverages provided. RSVP's appreciated, but only required for Zoom: Michael Olio, [edc@richfordvt.org](mailto:edc@richfordvt.org)***

This project is funded by a Municipal Planning Grant administered by the Department of Housing and Community Development (DHCD). The project is being completed by DuBois and King with support from the Northwest Regional Planning Commission.
