

NORTHWEST REGIONAL PLANNING COMMISSION

Fletcher Town Report - 2023

Northwest Regional Planning Commission (NRPC) is a multi-purpose governmental organization created by the municipalities of Franklin and Grand Isle Counties. NRPC implements a variety of projects and programs tailored to local, regional and statewide needs. All municipalities in the region are entitled to equal voting representation by two locally appointed members to the Board of Commissioners.

2023 FLETCHER TOWN PROJECTS

- Provided technical assistance in local planning and zoning efforts.
- Updated the locally adopted Emergency Management Plan which will help the town be prepared for future disasters.
- Served as local liaison to town public safety officials for the State Emergency Operation Center during the July floods.
- Consulted with local officials, identified projects and provided technical assistance for Municipal Roads Grants-in-Aid construction projects.
- Provided grant administration and technical assistance for the Town's Northern Border Regional Commission Grant to extend broadband infrastructure throughout the town.

This year the Commission will assist our member municipalities with maximizing local, state and federal infrastructure funds, water quality project implementation, Municipal Roads General Permit compliance, local energy and climate planning, zoning bylaw modernization, emergency preparedness, brownfields redevelopment and other needed services. NRPC will help promote the Missisquoi and Lamoille Valley Rail Trails, support local farm and food businesses through its Healthy Roots Collaborative, assist the Northwest Communications Union District in expanding broadband access in the region, and coordinate Housing For All, a three-year housing development campaign. The Commission has no regulatory or taxing authority; however, each year we do request a per capita assessment in support of local and regional activities and to provide matching funds for state and federal programs.

Your continued support for NRPC is greatly appreciated. We are your resource - please call on us for assistance with planning, zoning, transportation, project management, mapping or other needs.

NRPC Projects & Programs
