This year the Commission will assist our member municipalities with grant applications, project management, water quality project implementation, and local road permit compliance. NRPC will support local energy and climate planning, zoning bylaw updates, emergency preparedness, brownfields redevelopment and other needed services. NRPC will help promote the Missisquoi and Lamoille Valley Rail Trails and update its regional plan to support more housing. The Commission has no regulatory or taxing authority; however, each year we do request a per capita assessment in support of local and regional activities and to provide matching funds for state and federal programs.

Your continued support for NRPC is greatly appreciated. We are your resource – we are here to help with planning, zoning, transportation, project management, mapping or other needs.
