

Berkshire HMP meeting notes from April 16, 2026, at 1 p.m.

Attendance: Emily Fecteau and Shaun Coleman

The meeting discussed the HMP Outreach Plan, scope, needs, stakeholders and neighboring communities.

There was a review of what was done for other towns which was applicable to Berkshire.

Edits were made to stakeholders. A discussion was made on how to engage selectboard and planning commission. Likely, given the size of the community, a combination of meeting with each would work to get the needed input.

The on-line survey was reviewed as well and postings noted.

Meeting ended approximately 1:30 p.m.
