

Berkshire Selectboard meeting notes from June 18, 2026, at 7:00 p.m.

Attendance: Attendance: Jason Kittell (phone); Todd Kinney, Andrew Smith, Danny Kennison, Emily Fecteau.

Emily reported that the Northwest Regional Planning Commission met with the Berkshire Planning Commission regarding the town's Hazard Mitigation Plan. The plan must be updated every 5 years. Since the plan builds on the Town Plan managed by the Planning Commission, the Selectboard voted to authorize the Planning Commission to work with Regional Planning to complete and update the plan. The plan will return to the Selectboard later for final approval.

Danny mentioned during the highway update that they have upgraded a few culverts recently.

The Choquette Road culvert project is a high-priority project. The town was awarded a Better Roads Grant for \$60,000 project. The group discussed the project and timeline.

The board briefly references a culvert on the Richford Road that is a boundary landmark. The Richford Road paving project will extend to the culvert.

Meeting ended at approximately 8:00 p.m.
