NORTHWEST REGIONAL PLANNING COMMISSION

ENOSBURG FALLS VILLAGE REPORT – 2026

Northwest Regional Planning Commission (NRPC) is a governmental organization created by the municipalities of Franklin and Grand Isle Counties. NRPC projects and programs strengthen the capacity of local government and serve local, regional and statewide needs. All municipalities in the region have two locally appointed members of the Board of Commissioners.

2026 ENOSBURG FALLS VILLAGE PROJECTS

- As Clean Water Service Provider, monitored implementation of a grant to Franklin County NRCD for a dam removal project on village-owned property in Berkshire. Coordinated with Village staff and Trustees regarding required site access easement. Prepared for long-term maintenance responsibilities.
- Supported the Northwest Communications Union District, in which Enosburg Falls is a member.
- Assisted with implementation of a construction grant through the Municipal Energy Resilience Program.
- Provided technical assistance on project development and funding for a micro-grid and solar energy project.
- Completed a pedestrian count at the new crosswalk on VT Route 105 near Jayview Drive.
- Participated in economic assistance for Franklin County Cheese, attending coordination meetings and completing grant research.

This year NRPC will assist our member municipalities with grant applications, project management, water quality project implementation, and local road permit compliance. NRPC will support transportation planning, energy planning and project management, zoning bylaw updates, emergency preparedness, and other needed services. NRPC will fund clean-up and redevelopment of brownfields sites and help promote the Missisquoi and Lamoille Valley Rail Trails. The Commission has no regulatory or taxing authority; however, each year we do request a per capita assessment in support of local and regional activities and to provide matching funds for state and federal programs.

Your continued support for NRPC is greatly appreciated. We are your resource – we are here to help with planning, zoning, transportation, project management, mapping or other needs.
