Town of South Hero

Lavin Property Visioning Workshop

Part 2 - React to Draft Visions!

When: Wednesday, November 18, 2026, 6-8pm

Where: Folsom School Gym

The Town owns 96 acres in South Hero Village, and much of it isn't needed for wastewater. What should happen with the rest?

The 1st visioning workshop asked you to brainstorm ideas.

At the 2nd visioning workshop we will ask you to react to draft vision alternatives. No need to have attended the first session.

Everyone is welcome. Refreshments will be provided. We hope to see you there!

Can't make it?

Review the drafts and comment online bit.ly/LavinVisionProject.

Online commenting will open on November 18th and close December 4th.

This project is funded by a Vermont Municipal Planning Grant with support from the Northwest Regional Planning Commission.
